10th | GSEB | *Percentage:* **77.63 / 100.00**

PROFESSIONAL EXPERIENCE

L&T Schneider Electrical & Automation | Electrical / Switchgear 02 Mar, 2021 - 11 Jan, 2022

Quality Inspector

Key Skills: Quality Check Productivity

I have been working as a Quality Checker, specializing in ensuring the quality and accuracy of various products and services. In my previous role, I was responsible for conducting thorough inspections and assessments to identify any defects, errors, or deviations from established standards.

INTERNSHIPS

IBM SKILLS BUILD 20 Jun, 2023 - 28 Jul, 2023
Frontend Web Developer

Key Skills: HTML5 Tailwind CSS Javascript Figma Responsiveness ReactJS

As a frontend developer intern, I have contributed to the development of user-friendly and visually appealing web applications. I gained hands-on experience in HTML, Tailwind CSS, JavaScript and figma Tool, translating design mockups into responsive and interactive web pages. And also *gained experience* as a team leader through this internship.

Employa Technologies 02 Apr, 2022 - 29 Jun, 2022
Web Designer

Key Skills: HTML CSS PHP PhpMyAdmin DBMS Wordpress

I have been working as a web designer as a intern at Employa Technologies. During this time, I have had the opportunity to work on a wide range of projects for diverse clients, including small businesses, startups, and larger corporations. I have gained extensive experience in both UI (User Interface) and UX (User Experience) design aspects of web development.

PROJECTS

CodeInsight (A Platform for Showcasing UI/UX Coding Skills and Collaboration) 01 Jun, 2023 - 28 Jul, 2023
Mentor: IBMSKILLSBUILD | **Team Size:** 4

Key Skills: Front-End Web Development HTML5 CSS Three.js React.js Javascript

Project Link: https://jigu1592.github.io/Codeinsight/#

CodeInsight is a unique platform designed to empower developers to showcase their UI/UX coding skills on a networking site and earning platform. Different minds are set to imagine the existence of the real world in this world, so this platform provides a collaborative environment where developers can share their unique ideas, contribute to other developers, and showcase their creativity and expertise in designing user interfaces and experiences.
CodeInsight also provides facilities to learn new Technologies, helps to improve coding skills, Strong Developer network.
This Project is to design a responsible and user-friendly web application.

Live Life & Save Lives(The Online Blood Services)
Mentor: Amit Shah | **Team Size:** 1

Key Skills: HTML   CSS   ASP.NET   Javascript   DBMS   SQL Server

I had the opportunity to work on a Blood Bank Management project during my Graduation. The project aimed to develop a comprehensive system that streamlined the processes involved in managing blood inventory, donor information, and blood requests. Working on the Blood Bank Management project provided me with valuable experience in developing solutions for complex data management and process optimization. It allowed me to apply my technical skills, collaborate effectively with a team, and deliver a robust software solution that improved the efficiency and *effectiveness of blood bank operations.*

Online Furniture shopping website

Mentor: Amit shah | **Team Size:** 2

Key Skills: HTML5   CSS   Javascript   PHP   MySQL   PhpMyAdmin

The experience of working on the online furniture shopping website as a developer was both rewarding and challenging. It allowed me to demonstrate my versatility as a developer and taught me the importance of self-discipline, organization, and dedication in delivering a successful project.
I utilized my expertise in user interface (UI) design and user experience (UX) principles to create an attractive and intuitive website layout.
